QuantaQuest Foundation

Financial Report 2024

(Pre-Official Establishment Phase)

Our 2024 Story: A Foundation Built on Belief

The year 2024 was pivotal for QuantaQuest. It was the year a shared belief transformed into collective action, marking our transition from a small, dedicated volunteer group into an organization preparing for its official launch in 2025. This period was fueled by the passion of our founding members and a close-knit community of supporters who believe in our mission: that no talented student should be left behind due to their circumstances. This report outlines our financial journey in 2024, reflecting a year dedicated to unlocking human potential and fostering educational equity.

Beyond the Numbers: Our Impact in Action

In 2024, our activities were focused on laying the groundwork for our comprehensive support system:

- **Financial Empowerment:** We maintained and expanded our financial assistance programs, ensuring students had the direct support needed to cover tuition, materials, and living costs.
- **Holistic Support & Mentorship:** We went beyond financial aid by organizing workshops on career orientation and essential soft skills, connecting students with mentors who could guide them.
- **Building a Community of Care:** We strengthened our volunteer network, creating a compassionate and responsive system to identify and reach students in the most challenging situations.

Looking Ahead: From a Seed to a Forest

While the numbers tell a part of the story, the true impact of 2024 lies in the 55 futures we helped secure and the countless hours of mentorship offered. It was a year of profound meaning, proving that a small group of committed individuals can create significant change. The transparency and efficiency demonstrated in this pre-establishment phase have built a rock-solid foundation of trust.

As we move into our official capacity, we carry the achievements and lessons of 2024 with us. We extend our deepest gratitude to our founding circle of supporters. Your belief has been the catalyst for this journey, and together, we will continue to build a more equitable and empowered future for our homeland, one student at a time.
